Dear Colleague:

The Narcotic Abuse and Drug Addiction Study Section voted unanimously to prepare and circulate the enclosed statement in the hope that you will immediately contact your representative in Congress to try and modify, even at this late hour, the undesirable features in the legislation regarding dangerous substances that will be considered in the House of Representatives in the next two weeks.

Sincerely,

Bernard C. Glueck, Jr., M. D.
Chairman,

P.S. The statement has been prepared so that you can reproduce it and type in the usual letterhead with the individual recipient name.
